

LAA artists now have a wonderful opportunity to display their art on a monthly basis at Merrill Lynch- including 3 dimensional items as well as large paintings.

We are aiming for an August 6th evening reception which Merrill Lynch will provide and host (perhaps cheese & wine?) with art being hung on Tuesday August 5th between 10-12 AM.

Under investigation (by Merrill) is a hanging system similar to the one at Plantation. If that is accomplished, we can accommodate about 30 2-dimensional works of art- large and small, as well as 6 3-dimensional works. For 3-dimensional art, if you wish, you may provide your own display which will increase the number displayed. If the hanging system is not installed by August 5th, we will be limited to 12 2-dimensional and 6+ 3-dimensional works.

In order to have some idea of interest at this point, (first come first served) I will need the following info:

1. reply via email that you would like to participate to ar_frank@msn.com (copy and paste my email address) and include "LAA art" as your email subject or call at 598-2179 to reserve your spot.
2. what medium you wish to display
3. the approximate size

More info to follow. Many thanks and hope to see you there.

Rochelle Frank
